ECO 'LUNCH & LEARN' SERIES

Presented by

Bermuda College

& Bermuda Environmental Sustainability Taskforce (BEST)

> *With knowledge comes empowerment and that is what BEST and the Bermuda College both strive to provide. Join us each month to learn more about global and local issues while discussing individual and collective solution-based actions that we can take.*

> *As a small island nation the threat of climate change is real, and not somebody else's problem. Energy conservation is a great step towards combatting climate change. Pick up some simple tips that can be put in place right away to make positive change to our energy footprint.*

> *Raising awareness and generating discussion around Bermuda's environmental issues means that we can explore our options… and choose the best solutions for any problem.*

The last Thursday in September, October & November 2018 & again in February, March & April 2019

1 – 2 pm
Room H100
Bermuda College

On Thursday, September 27, 2018 hear Nick Hutchings speak on 'Energy Conservation: A Matter of National Security'
