

**BERMUDA
COLLEGE**

2 INTRODUCING FOUNDATION YEAR CERTIFICATE PROGRAMMES

ACCESS OPTIONS with SIGNIFICANT SAVINGS!

BERMUDA COLLEGE is pleased to introduce two programmes designed for those who desire to stay on Island for one year before matriculating to the **United Kingdom or North America**, offering significant savings in tuition costs!

•UK bound students

A portable credential that can be fully utilised for transfer to institutions located in the United Kingdom. Designed to be accepted for admissions to Year 1 of bachelor's degree programmes that are typically three or four years in length.

Students will still need to apply to UK institutions through UCAS and have their application reviewed.

•Canada/US bound students

Facilitates a seamless transition from Bermuda College to colleges and universities in these two jurisdictions. Courses form the general education core, placing BC students on their baccalaureate pathway.

Maintain a full course load throughout the year, and achieve a minimum of a 3.0 GPA on a 4-point grading scale.

Both FOUNDATION YEAR CERTIFICATE PROGRAMMES will be accepting students in FALL 2021.

It is recommended that students declare and communicate with the intended college/university of further study.
