

## About the Authors

**ANNE BOYKIN-SMITH** is a Bermudian who graduated from the Bermuda College Nursing Associates Degree programme in 2020. She is entering a new career later in life after decades of working as a Registered Landscape Architect and Planner.

**SHANNA-LEE BURCH, D.D.S.**, graduated from Howard University College of Dentistry and has been practicing Dentistry in Bermuda since 2002. Dr. Burch is passionate about educating patients on the correlation between oral health and systemic diseases.

**ANNA CHAN** is a nursing student working towards becoming a pediatric nurse practitioner. After 15 years working in programme management and business development with IBM, SAP, Oracle and Deloitte, Anna found that her true passion in life is healthcare and providing services to her community.

**PASHE DOUGLAS-SAMPSON** is a community-based Occupational Therapist for the Department of Health, Bermuda. She acquired the Dual-Degree Bachelor of Health Science/Master of Occupational Therapy and Post-Professional Occupational Therapy Doctorate at the Quinnipiac University. Her professional career began in Florida (2010) with becoming certified in neuro-developmental treatment and further interests in developing the occupational therapy profession.

**MOFFAT MAKOMO, B. Sc. Hons. Occupational Therapy (2004)**, is an Occupational Therapist who studied at the University of Zimbabwe. He worked for 4 years in Zimbabwe and then worked for half a year in Egypt before coming to Bermuda in 2009 (Bermuda Hospitals Board). He works as the Child and Adolescent Services Occupational Therapist. He volunteered for the following organizations: BSMART Foundation, National Office for Seniors and the Physically Challenged Employment Taskforce, Board member for the Learning Disability Association of Bermuda and Windreach adaptive sports programme. He is married to Patience and they have two children: Luanne and Seth.

**SIERRA PACHECO** is a graduate of the Bermuda High School for Girls. She currently attends the University of Kent in England studying Forensic Science. Sierra enjoys problem solving and her desire is to eventually achieve her doctorate and become a Forensic Pathologist.

**COURTNEY RICHARDS, OTD, OTR/L**, is a Clinical Assistant Professor of Occupational Therapy at Quinnipiac University, Hamden, CT, United States of America. Dr. Richards is a capstone mentor for the Online Post-Professional Occupational Therapy Doctorate (OTD) where students design and execute a scholarly or creative project that is relevant to current and emerging practice areas in occupational therapy. Dr. Richards also teaches on grounds in the Dual-Degree Bachelor of Science/Master of Occupational Therapy programme at Quinnipiac in pediatric best practice threads and has over seventeen years of experience as a practicing clinician.

**CARIKA WELDON, Ph.D, MRSB, FIBMS**, before returning to Bermuda in April, 2020 was employed as a geneticist at the Oxford Genomics Centre, part of Oxford University Hospitals. Dr. Weldon established and currently leads the Government of Bermuda's on-island COVID-19 testing facilities, the Molecular Diagnostic Laboratory (MDL). In May 2016, Dr. Weldon started the Bermuda Principles Foundation, a non-profit science outreach charity that is designed to facilitate educational opportunities for young people.

She was born and raised in Bermuda and completed her foundational studies at the Bermuda Institute, Port Royal Primary School and Warwick Academy. Dr. Weldon achieved her BSc (Hons) in Medical Biochemistry and a PhD in Biochemistry from the University of Leicester.
