Subject: **Transfer Guide for Bermuda College**

---

Below are the transfer guidelines for students transferring **into CPS from Bermuda College.**

Transfer Students Holding the A.A. or A.S. Degree

Students completing the A.A. (Associate in Arts) or A.S. (Associate in Science) may transfer 66 credits toward a B.A. or B.S. degree in the College of Professional Studies. Upon admission to St. John's University, transfer students who have been awarded an A.A. or A.S. degree must successfully complete a minimum additional 60 semester hours including (a) three semester hours in philosophy and six semester hours in theology (unless previously satisfied), and (b) requirements for the selected major concentration. This amount of transfer credit will allow students to complete their undergraduate degree at St. John's University in two years of full-time study.

Transfer Students Without an Associate Degree

A student applying without an associate's degree has his/her credits transferred to the best advantage provided they are applicable to the degree program. In addition to fulfilling major requirements and the theology/philosophy requirements, students without an Associate in Arts or Associate in Science degree may have to complete certain University Core curriculum requirements.

I hope this information is helpful. Please contact me if further assistance is needed.
