

Water and Wastewater Management in Bermuda

Bermuda College is pleased to offer three mini courses on water management, designed to provide you with awareness, capacity-building and professional training in the key facets of water and wastewater management in Bermuda.

Sustainable Water Management for Small Buildings and Residential Units

TDS HEA7

This course is for every homeowner or maintenance staff member concerned about the quality of your water supply and the management and general upkeep of the water and wastewater installations in your home and /or commercial establishment in Bermuda. This three-session (9-hour) course will equip you with essential skills for safe and sustainable water management, based on national guidelines, international best practices, as well as the latest developments in the sector.

COURSE DATES:

Nov 26 • 6 - 9PM, Dec 3 • 6 - 9PM & Dec 10 • 6 - 9PM

Venue: Bermuda College • Cost: \$315 (Total hours - 9)

Fundamentals of Drinking Water Treatment and Management

TDS HEA6

This full day workshop delves into the field of drinking water treatment and quality control and the safe and sustainable management of drinking water resources in Bermuda. The blend of interactive lectures and hands-on practical sessions are designed to enhance the knowledge and skills of maintenance personnel, facility managers, educators, students, and specialists in the field.

COURSE DATES:

Dec 2 • 9 - 5PM

Venue: Bermuda College • Cost: \$315 (Total hours - 7)

Fundamentals of Wastewater Treatment and Management

TDS HEA8

This full day interactive course is geared to maintenance personnel, facility managers as well as educators, students, and specialists in the field of wastewater management. Through a blend of interactive lectures and hands-on practical sessions, this course will provide you with knowledge of the concepts and tools essential for operating small-building, municipal and industrial scale wastewater treatment facilities.

COURSE DATES:

Dec 9 • 9 - 5PM

Venue: Bermuda College • Cost: \$315 (Total hours - 7)
