

## PROGRAMME OVERVIEW

In the academic world, Arts refer mainly to the disciplines of Humanities and Social Sciences.

In the first year of Bermuda College's Associate of Arts programme, students are given the opportunity to explore courses in the arts disciplines, as well as the science disciplines of mathematics and the natural sciences. In the programme's second year, students choose a subject of concentration from among the Arts disciplines.

The Associate of Arts provides the foundation for careers in teaching, psychology, law, and writing, to name a few.

Students choosing this option will be able to transfer to universities abroad to further their studies in the arts as well as specialised non-arts degrees, such as Georgia State University's articulated Bachelor of Business Administration degree.

## CURRICULUM

**TOTAL CREDITS: 61-63**

### YEAR 1
